Attention: **Robert Taylor**
 Business Manager

SUBJECT: **E2 FURNACE REVAMP PROGRAM**
 MELLOY REFERENCE NO.: 2630867

On behalf of Melloy Industrial Services Inc., I would like to thank you and your members for your contribution to a very successful E2 Furnace Retrofit at NOVA Joffre.

The work was performed with excellent results in safety, quality and schedule which has resulted in the owner inviting us back to construct Phase II of the project.

The team work of the Building Trades, together with the NMA, continues to provide us with the opportunity to employ for your membership throughout Alberta. Working together is the key to success.

Once again, thank you and your membership. We look forward to a successful execution of NOVA Phase II.

Best regards,
Melloy Industrial Services Inc.

Mitch Soetaert, P.Eng.
Operations Manager
