PIPELINE WELDERS & PIPELINE JOURNEYMEN - SHUTDOWN CALLS

Brothers & Sisters:

Due to the busy 2018 Spring Shutdown season and the requirements for manpower, Pipeline Journeyman with Steamfitter certification and Pipeline Welders with B Pressure Tickets will be considered for shutdown work.

ONLY those pipeline members who have completed the downhand or spacing courses will be considered for these slips. The calls **MUST** be 'OPEN TO ALL' at the time of dispatch.

Pipeline members who pull these slips will not lose their spots on the Pipeline Board for a period of up to sixty (60) days. Any extension of this sixty (60) day period must be requested by the pipeline member to the Pipeline Representative and approved by the Business Manager or his designate.

Pipeline members taking such calls will be laid off before other members.

This protocol is valid for the period of March 21st, 2018 to May 31st, 2018.
