April 27th, 2020

To Local 488 Members:

Please be advised that due to Covid-19, some of our clients have placed restrictions for workers on their projects and sites. In the event that safe travel is required to transport workers back to their place of residence, some owner groups have implemented temporary restrictions limiting calls to Alberta residents only on their jobsites.

We know this will affect some of our members, please understand that the extra safety measures that are being taken are to insure the health and safety of all members and their families during these unprecedented times. This is Local 488's number one priority. We are confident that once the pandemic is under control, and risks are managed, the restrictions will be lifted.

Thanking you for your understanding, and support of our Brothers and Sisters going back to work.

Fraternally Yours,
