

### **Steamfitter-Pipefitter Instructor**

The Alberta Pipe Trades College is responsive to the educational needs of the construction and maintenance sector throughout Alberta. The school is comprised of dedicated and innovative staff committed to the success of their students.

#### **Description:**

Candidates for this position should be energetic leaders, have sound verbal and written communication skills, be committed to student motivation and achievement, and be oriented toward student success.

Steamfitter-Pipefitter students will learn to layout, assemble, fabricate, maintain, and repair piping systems which carry water, steam, chemicals or fuel used in heating/cooling, lubricating and other processes. Students will measure, cut, thread, groove, bend, assemble and install all types of metal, plastic fiberglass pipes, valve and fitting using blueprints and specifications.

#### **Instructor Responsibilities:**

- Prepare and present lessons, lectures, and demonstrations to students.
- Demonstrate procedures and supervise practical shop assignments.
- Prepare, administer, and grade assignments and examinations.
- Maintain student attendance, progress data and records.
- Other related duties such as development of new instructional material and maintenance of instructional equipment.
- Able to work independently and within a team environment.
- Strong knowledge of computers and digital platforms

#### **Qualifications:**

- High School diploma
- Completion of the Alberta Steamfitter-Pipefitter journeyman certificate and Interprovincial Red Seal and a minimum 5 years journeyman experience.
- Preference will be given to candidates with previous instructional experience.
- Preference will be given to candidates possessing related pipe trades tickets.

**Remuneration:** Salary will be commensurate with education and experience.

**Closing Date:** Friday September 11, 2026
